

MEMORANDUM FROM JEFF YEO
Department of Fish and Wildlife Resources
University of Idaho
(208) 885-7823

~~Jeff~~ I will be here
if I'm not testifying
on our budget that day
in Boise.
John

DATE: November 15, 1990
TO: Mike Falter
SUBJECT: seminars - Wayne Minshall and EG&G

Both Wayne and Greg White, EG&G, have offered to give seminars while they're up here for the Taylor Ranch research meeting. As you know, I've tentatively scheduled the meeting for 24 January. So far everyone has been agreeable to that date. Wayne's seminar would focus on his work in Big Creek comparing streams before and after the 1988 fires. Greg would present EG&G's multimedia resource monitoring system which they are conducting in Chile and the Wind River Mtns., Wyoming and which we are initiating at Taylor Ranch. I would think that Wayne's seminar could be sponsored by our department and the EG&G seminar might be sponsored by the college. Please let me know how you think this should be handled and what I need to do.

The research meeting should last about a half day. Forest Service, Fish & Game, EG&G, Wayne Minshall, and folks from our college will attend. At the meeting, we should discuss what everyone is doing, how we can coordinate our efforts, and what are the research and agencies' management needs that can be accomplished through Taylor Ranch.
