Brian Abas, a reporter for Jewish Tribune phoned me and wanted a list of research projects done under sponsorship of the Wilderness Research Center from 1977 to present. I told him he should be able to get that info from you. He probed my involvement a little, and I said I'm on board of advisors, have done some research under WRC sponsorship, and head up the annual leadership project. That was it, and he said he'd be in touch with you.

I suspect this is Dave Johnson's idea. He works down there now. Thought you'd want to be thinking about how to handle this.
