Subject Trip to Taylor Ranch

Date June 3, 1976

John Hartung has just been accepted into our program as a graduate student. I will be his major professor on a project to document the history of The Idaho Primitive area utilizing primary sources and inventorying existing sites of historical and prehistorical interest. A later phase of this project will research optimal ways of interpreting this information to wilderness visitors.

This summer John will be writing a study plan and doing some preliminary investigation. I think one of the first things he (we) should do is meet Jess Taylor. Preferably this would be at the ranch. Therefore, could John and I arrange to fly in with you sometime when Mr. Taylor will be there?

I think this can be a good study and I thought you would be interested in it.
