

13 April 1977

Mr. Gary Hompland
1320 Linda Lane #3
Moscow, Idaho 83843

Dear Gary:

The Technical Board of the Wilderness Research Center has decided that we will not be able to fund your proposal, "An Undergraduate Study of the Yellow-bellied Marmot in the Idaho Primitive Area". There were several good proposals and unfortunately not sufficient funds to finance all projects.

We appreciate your effort in writing the proposal and would invite you to submit again next year.

Sincerely,

John H. Ehrenreich
Dean
