UNIVERSITY OF IDAHO, MOSCOW, APRIL 5, 1911

NO. 27

ROOSEVELT WILL VISIT CAMPUS ON MONDAY

SENIORS WILL GIVE PLAY

Definite Plans Not Yet Made—
Class will Probably Stage
Play Early in May.

The class of 1911 met a week ago this afternoon and heard the report of the committee on the class play. For some time the class has been planning to give a play, but practically no headway had been made till the meeting of the class last week. Even at this meeting the class failed to get down to actual work and nothing much was accomplished till after the class had adjourned, when it was decided among the majority of those who had been present that a manager was needed and Mr. Harry H. Daus was chosen to act in that capacity.

Mr. Daus refused to take the position till he was duly elected by the class and so another meeting was held the following day and the selection which had been made the previous day, after the class meeting, was unanimously ratified. The new manager is now very busy selecting a play and arranging for its production.

The committee on caps and gowns reported and it was the prevailing desire of the seniors to get their gowns before the end of the semester so as to have them if occasion should require. Practically all the orders have now been placed.

The committee in charge of the informal dance given by the class reported that the dance had been financially successful to a small degree. The profits of the event are to be used to help pay the deficit of the "Gem of the Mountains, 11."

The men of the class went downtown after the meeting and looked over a number of hats with a view of selecting a senior hat, but no definite choice was made.

Prof. Hulme in South Idaho.

Professor Hulme addressed the students at the Academy of Idaho on the subject of "What do I know?" The title of the lecture was taken from a poem by Edith M. Thomas, printed in the March number of Harper's Magazine. In concluding its report of the lecture the Pocatello Tribune, in its issue of March 31, says: "Professor Hulme is one of the greatest lecturers in the west and gave a very cultured lecture. His appearance here was greatly appreciated by all present."

Will Take Breakfast at Ridenbaugh Hall —To Plant Tree and Give Address— Cadets Will Act As Escort.

The plans for the reception to Ex-president Roosevelt are now complete. The special train which will bring him from Spokane will arrive in Moscow at the Inland depot at 7:30 p. m. Sunday. A company of cadets will be stationed at the depot to receive the party and another company will be at the hotel awaiting their arrival. There will be no reception of a public nature on that evening, but Mr. Roosevelt will go to the hotel where supper will be served to a small party of political officials.

On Monday morning the cadets will escort Colonel Roosevelt to the campus and a salute will be fired as he enters the University grounds. From 7:45 to 8:45 breakfast will be served in Ridenbaugh Hall to a party composed of the Ex-president with the university faculty, several prominent citizens and government officials and the presidents and secretaries of the various classes of the university.

After this breakfast, Mr. Roosevelt will be asked to plant a tree on the low part of the campus just west of the tennis courts and it is planned to have him greeted at this time with a rousing college yell.

A stand will be erected directly in front of the administration building from sacks of north Idaho's famous grain, from which the great American statesman will speak. He will be escorted to this stand by the cadets, who will act as guards and keep the space around the platform open. Mr. Roosevelt will be presented by Governor Hawley, who will come to Moscow for the occasion.

The special train which will carry the Ex-president and the escorting party back to Spokane will leave over the electric line at 10:30 a. m.

The students are urged to come out with the stars and stripes and the university colors.

PROF. WILBUR ON LAW

Member of Law Faculty Addresses Students—Predicts Success for Law School.

Prof. Wilbur of the law school gave the address at assembly last week. He spoke of the practice of law in general and especially of the school of law at Idaho.

He said it is much better to study at school than in an office. The young man who goes into a law office learns to run errands and buy candy for the stenographer. But he has not the systematic teaching of the law faculty and little more of a subject after having read it by himself from Blackstone than before. The young man may get some exciting experiences in serving papers. Prof. Wilbur told some amusing incidents in this connection.

In proof of his contention that lawyers as crooked as popular belief has them the speaker called attention to the fact that most of our national presidents have been lawyers, and that few lawyers get into the penitentiary.

The young law student who flunks is inclined to turn against law and say it is no good, but the trouble is not with the law but the student. If he would work and complete his course in the law school he could get into good practice in three or four years.

The faculty of the Idaho law school think they have a combination of text and cases that will be most effective in the study of law, and they expect the school to grow rapidly and be completely successful.

First Baseball Game.

The baseball season will open with a game between the Varsity and the Spokane Indians, next Monday. The game will be called at 10:30 a. m., immediately after Mr. Roosevelt's special train pulls out. Spectators can go directly from the campus to the athletic field.

The Spokane team won the pennant last year and will show a lively game of ball. Admission will be 50 cents.

Lewiston Glee Club Tonight

The Lewiston Normal Girl's Glee Club sings tonight at the Methodist church. There are fourteen members in the club and they will render a varied program that will please the most cosmopolitan audience.

The Normal girls will appear in Moscow under the management of the University department of music and should be well attended by University students.

ANNOUNCEMENT—A PRIZE

Two prizes of five dollars and three dollars respectively are offered from the English Club fund for the best written accounts of Roosevelt Day by students in the University. The article winning the first prize will be published in the Argonaut.

SOME DETAILS.

The articles should be written on theme paper and should be from eight to ten pages in length.

They should be inclosed in envelopes which may be secured at the Argonaut table in the publicity room. A fictitious name should be signed to the article and in a small envelope placed within the larger one should be the real name of the writer.

The article will be judged on basis of style, form and spirit. They should show good power in selection of details. The judges will be Dean Eldridge, Miss Sweet and Paul Clemens.

Articles should be dropped thru door of publicity office by Wednesday noon.

Any questions concerning the contest may be asked of Mr. Tuill.

The annual freshman glee will be held in Eggan's Hall Friday night.

SENIOR MINERS TAKE TRIP

Prof. McCaffery will take the senior class in mining engineering on a trip of inspection to the mining district in northern Idaho. They will visit some of the mines in the district and perhaps some in Montana. The trip will require about two weeks.

The party will leave Moscow Tuesday morning of next week and expect to reach Wardner and Kellogg the evening of the same day. They will spend probably two days there and will then go to Burke for a day or two. After completing their inspection at Burke they will go to Wallace, where they will remain several days and from where they will make a number of side trips. They will go thru some of the largest and richest mines of the country and will learn from actual observation some very valuable points on modern mining methods.

Junior Annual Early in May.

The staff of the "Gem of The Mountains, 12," have been hard at work on the annual and at the present time hope to have the book ready for distribution before the middle of next month. They say their annual is to be a beauty. We all hope to see it soon.

Regents Meet Tuesday.

The Board of Regents will meet in Moscow next Tuesday, April 11th. Definite measures will be taken up in relation to the building of the north wing of the administration building. The bonds will be sold as soon as possible and active work on the building is to be commenced early in the spring.

Last Monday morning at 8:30 Miss Maynard, head of the department of domestic science, gave a lecture on table etiquette. The lecture was originally intended only for the men's class in cookery, but arrangements were made to have it delivered before one of the freshman English classes and it was open to all the men of the University. A comparatively large number took advantage of the opportunity and heard a very instructive and profitable talk on the subject.

The inspection of the battalion of cadets will be held on May 10th, and will be in charge of a member of the staff, Captain Laubach. The inspecting officer will arrive Tuesday evening, May 9th, and the inspection is to be held Wednesday morning and to be completed in time for the officer to take the 2:55 train.

Prof. Larson will make a short trip over part of the state, visiting high schools. He expects to start next week.

The freshmen and preps can have a real good time this week and next, for a merry-go-round has already come to town.

The large class of 1909 expect to hold a reunion in Moscow during commencement week. A large number of the members of the class will probably be here for the closing exercises of the college year.

The University catalogue will soon be out. Copy for it has been in the hands of printers for some time and it will be ready for distribution in a few weeks.

Lieut. Thomas E. Cathro, commandant of cadets, has been promoted from second lieutenant to first lieutenant, and has been transferred from the 13th Cavalry to the 2nd Cavalry, his promotion taking effect March 3rd.

Freshie: "Professor, is it ever possible to take the greater from the lesser?"

Prof.: "There is a pretty close approach to it when the conceit is taken out of a freshman.—Ex.

Reception to Normal Girls.

There will be a reception at Ridenbaugh hall in honor of the Girls' Glee Club of the Lewiston Normal this afternoon. All the ladies of the University will be received from 4:00 p. m. to 5:00 p. m. It is hoped that this will be well attended. When organizations from the U. have been in Lewiston the Normal School has always shown them very extensive hospitality and a hearty welcome.

For the last two weeks the floor in Lewis court, the new "open air" gymnasium, has been in excellent condition. It was smoothed, rolled, and covered with a layer of cinders. The boys are training in the court every day, and Coach Van der Veer is more than pleased with the building, as it is now completed.

Preps Take Second Place.

The Prep track team went to Lewiston last Saturday to take part in a triangular meet with the Lewiston high school and the Lewiston normal school. The high school won the honors of the day by taking seventy-two of the points and the Preps took second with forty-five. The normal carried away the remaining eleven points.

The team from the Prep consisted of six members and the manager. No records were made but the boys did well considering the fact that the day was very windy and disagreeable. Frank C. Reyburn won the greatest number of points for the Moscow boys, taking fifteen of the total forty-five. Jas. Montgomery, '11, went along with the team to take good care of the youngsters.

Manager Spannagel is trying to arrange meets with the high schools of Couer d'Alene and Wallace, but as yet nothing very definite has been done.

Clough Perkins, '13 had to return to his home at Sandpoint on account of an acute attack of Bright's disease. He has been sick for some time and the exposure encountered while fighting for his class in the St. Patrick's Day scrap brought his sickness to a crisis. It is hoped that under the watchful eye of his parents and a good physician he may be able to return to his studies next fall.

Dr. Cogswell was the guest of the Kappa Sigma fraternity at dinner Sunday.

You will have to hurry, just a few of those best hair-cuts and shaves left at the Hotel Moscow Barber Shop.

P. Perkins, Wheeler and McCann spent Sunday visiting friends in Pullman.

The Prep track team received some pretty new suits the latter part of the week. They came just in time for the triangular meet at Lewiston, Saturday.

Chemical Club Still Active.

The Chemical Club met last night in the engineering building and Miss Woods gave a very interesting talk on essential oils and perfumes. She told of the process of the manufacture and said that the greatest part of the perfumery made in the world today is made in a small province of France. Several thousand tons of flower petals are raised for the purpose.

Mr. Sheuy, instructor in chemistry, spoke on the chemistry of digestion. He explained some of the actions by which the foods are converted into tissue of the body. Comparatively little is known of the processes of digestion and perhaps by far the greater part of the chemical actions have not yet been discovered. But the discussion was of interest to all who heard it and it would be valuable knowledge for anyone. The investigations along this line are made mostly by experiments upon cats and dogs, and the work is steadily progressing.

Before the meeting broke up the members were treated to refreshments of ice cream and wafers served in evaporating dishes.

Judge Ailshie will Speak Here.

Judge Jas. F. Ailshie of the Idaho Supreme Court expects to address the students in the law school sometime soon. It was planned to have him speak last Saturday but arrangements could not be made for that time.

The judge will be in Moscow next week on the occasion of Roosevelt's visit.

The address in Assembly today is to be delivered by Prof. McCaffery of the department of mining. The Kappa Sigma quartette will sing.

Mrs. Axtell, wife of Prof. Axtell, has gone to California to visit with relatives. She will be joined by her husband after the close of college and they will go together to Kansas where they will remain part of the summer visiting friends and relatives.

Found.

Two umbrellas, one lady's fur, one gentleman's hat marked E. C. B., one pair gentleman's gloves. Owners please call at the office of the Brusar and claim property.

Seven Days Only

Haynes, Carter & Co.

President Taft's class at Yale has been invited to have its annual banquet at the White House.

The girls of the U. of Wisconsin are to be given instruction in the art of resting.

INTER-COLLEGIATE

O. A. C. News Letter.

O. A. C., March 28.—The co-eds are rapidly getting prepared for the girls' literary contest which is to be held here on April 7. The different literary societies are having tryouts and the winners are putting forth every effort to win for their society. There is a general wave of interest among the students, especially the girls.

The Philadelphian and Feronion literary societies have together donated \$50 to the student loan fund. This is a large part of the profit realized from the play, "The College Widow."

Coach Fred M. Walker better known as "Mysterious Mitchell," has arrived on the campus and is putting the baseball candidates through some good stiff practice. Things certainly look promising with such a coach.

A member of the board of regents of the U. of W. is offering four prizes for the best news stories of Roosevelt's visit and the exercises at that place. The prizes will range from three to five dollars.

There is to be a co-ed debate between the women of O. A. C. and McMinnville college sometime during the latter part of May. They will discuss the question of woman suffrage for Oregon.

No Music for Debate.

Students are very busy everywhere. The U. of Washington band, which is supported by the student body, was asked to play at the debate with Stanford last Friday night and plead that they were too busy. It is that that this is remarkable, especially when the debate came on Friday night. Some of the Washington students are indignant at the refusal because the band men are furnished their uniforms, instruments, and even music by the associated student body.

Resolutions of Condolence.

(Received too late for last week.)

Moscow, Idaho, March 24, 1911.

Whereas, in the providence of the Almighty the mother of our friend and classmate, Edwin M. Strate, has passed to her Great Reward, be it resolved,

That we, the class of 1913, do extend to the bereaved family our deepest sympathy.

Be it further resolved that these resolutions be sent to our classmate, placed on the minutes of the class, and published in the University Argonaut.

J. DeWitt Davis,
Carl E. Johnson,
H. C. Heard.

An "Irish club" is to be organized at the U. of O. Its members will be those who claim the Emerald Isle as their fatherland and its purposes will be purely social.

Gymnastic Exhibition Tomorrow

The girls of the freshman and prep classes in the gymnasium will hold a gymnastic exhibition and athletic meet, Thursday, April 7, 1911 at 3 o'clock. Cups will be presented to the best all around gymnast and to the winning captain of each squad. The cup for the strength test will also be given. The function will be open to the women only on account of lack of accommodations.

Dr. Cyrus Northup, who has held the presidency of the University of Minnesota for many years has resigned. Professor George E. Vincent will succeed him.

The Boosterine Club, an organization made up of young ladies of Montana State College has presented a frieze to be placed in the college assembly hall.

NATIONAL DELEGATES HERE

Members of Grand Council of Gamma Delta Sorority Inspect Beta Sigma.

Miss Agnes Burton and Miss Ethel Tukey, inspectors and members of the grand council of the Delta Gamma sorority, spent part of last week at the Beta Sigma house, inspecting conditions at the university in response to a petition of the Beta Sigma sorority for a charter in the national.

Several very pleasant social affairs were given in their honor. Tuesday afternoon, Mrs. Hodgins and Mrs. Carithers, patronesses of the Beta Sigma sorority, gave a high tea at the home of the former. The tables were beautifully decorated and the affair proved very successful. The underclassmen served and a number of town women were present as well as the upperclassmen.

Tuesday evening the Beta Sigma gave a reception at their home, representatives from all the sororities and fraternities being present. A large number of town people were also invited.

Wednesday Miss French entertained at a luncheon in their honor. The affair was very pleasant and about 18 were present.

Thursday morning at the home of Mr. L. K. Strong, the alumni gave a breakfast to the national guests, which proved to be as successful as the rest of the series.

Miss Burton and Miss Tukey left on the noon train for Spokane from where they will go to Seattle to visit the national chapter there.

American Chemical Society to Meet Here.

Next Saturday afternoon at 2:30 the Idaho-Washington section of the American Chemical Society will meet in the physics lecture room in the engineering building. This society is composed of the members of the American Chemical Society residing in Eastern Washington and Idaho. There have been efforts to organize this branch of the society for the past year and until recently the attempts have been unsuccessful.

Prof. Fulmer, dean of Washington State College and head of the department at that institution will give the principal address. All who are interested are invited to attend.

Those Wise Lawyers.

Rice (in freshman class): "Say, Pete, what does it mean in this case where it says 'the defendant was seized in fee'?"

Peterson: "I guess that means somebody had swiped his purse."

Noted Forester Coming.

E. T. Allen, forester for the Western Forestry and Conservation Association, an organization to afford central facilities for all associations devoting organized effort to the conservation of forest resources, reforestation, or protection of forests from fires in Montana, Idaho, Washington, Oregon, California, is here to lecture to the school of forestry. At Prof. Shattuck's suggestion his subjects will be:

1. Prospects of employment for forestry school graduates by (a) government, (b) states, (c) timber owners. The run of men wanted, etc.

2. State Forest legislation; its trend and the chief problems of securing and executing it. The present general policies of each of our five states.

3. The timber owner's association movement, scope and methods in Idaho, Washington and Oregon.

Mr. Allen has held some of the highest positions in forestry service in this country.

Attorney C. J. Orland, who is the law partner of Hon. Burton L. French, is now teaching a class in "legal method" in the law school.

Evan Guernsey, who was a member of the freshman class last year, was in town the last of the week visiting friends.

The law school will have final examinations the end of this week in several courses.

Clyde H. Heard, '10, is in Moscow for the spring vacation. He is teaching in the high school at Kalispel, Montana.

Ray C. Dunkle, '14, has left school for the semester. He returned to his home at Sandpoint last Friday.

The Phi Delta Theta fraternity entertained the Beta Sigma sorority at a party last Friday.

The members of the Zeta Delta fraternity received the girls of Ridenbaugh Hall last Sunday.

Very Logical.

Prof.: If language is simply communicating by means of signs, isn't the waggin' of a dog's tail language?

Freshman: The wagon on a dog's tail would make more noise than signs.

Junior: What if it was a bob-tailed dog?

Students, if you want just a little the best of it try the Moscow Hotel Barber Shop.
