COOPERATIVE EXTENSION SERVICE IN AGRICULTURE  
AND HOME ECONOMICS OF THE STATE OF IDAHO  
UNIVERSITY OF IDAHO EXTENSION  
DIVISION AND U. S. DEPARTMENT  
OF AGRICULTURE COOPERATING

### ANIMAL HUSBANDRY SECTION

Printed and distributed in furtherance of the purposes of the Cooperative  
Agricultural Extension Service provided for in Act of Congress, May 8, 1914

S  
53  
E424  
no. 38

**T**HIS BULLETIN is a list of all the breeders of purebred livestock in Idaho whose names and addresses the Extension Division and Animal Husbandry Department of the University, cooperating, were able to secure.

It will be noted that names of owners of purebred males, who do not also own purebred females, are not included. This distinction is felt to be necessary to avoid including names of hundreds of owners of purebred males which are kept for use on range stock.

Frequent revisions of the directory will be required, to keep pace with the rapid expansion of the purebred livestock industry in the State.

We realize that this list is not complete or exactly correct in every instance, nor can we guarantee the reliability of all breeders listed. This directory is intended to answer the many requests for names and addresses of breeders of the various breeds of purebred livestock in this state coming to the Extension Division and Animal Husbandry Department of the University of Idaho.

We hope this will cause the breeders in this state to become better acquainted by closer cooperation, as well as direct prospective purchasers of purebred livestock from our own and other states to reliable breeders of desired breeds in this state.
